Sponsorship

Help make our event a success! Demonstrate your support of safety and damage prevention and showcase your brand with 200+ industry professionals.

The 2027 Utility Safety Conference offers an opportunity for damage prevention and safety professionals to learn about the newest information, innovation, technology, and experiences contributing to safe work practices. We estimate over 200 stakeholders will attend, including contractors, machine operators, facility operators, training providers, line locators, regulators, safety representatives, equipment suppliers, and more.
